The team batting second shall receive its full quota of 50 overs irrespective of the number of overs it bowled in the scheduled time for the cessation of the first innings.

c) If the team batting first is dismissed in less than 50 overs, the team batting second shall be entitled to bat for 50 overs.

d) If the team fielding second fails to bowl 50 overs by the scheduled cessation time, the hours of play shall be extended until the required number of overs has been bowled or a result is achieved.

12.4.2 12.4.2 Delayed or interrupted matches

a) Delay or interruption to the innings of the team Batting First (see appendix 2)

i) When playing time has been lost the revised number of overs to be bowled in the match shall be based on a rate of 14.28 overs per hour, which is inclusive of the provision of drinks intervals, in the total remaining time available for play.

ii) The revision of the number of overs should ensure, whenever possible, that both teams have the opportunity of batting for the same number of overs. The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs. To constitute a match, a minimum of 20 overs have to be bowled to the side batting second, subject to a result not being achieved earlier.

Should the calculations result in a fraction of an over the fraction shall be ignored.

ii) In addition, should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the interval, then any calculation relating to the revision of overs shall not be effective until an amount of time equivalent to that by which the second innings started early has elapsed.

iii) To constitute a match, a minimum of 20 overs have to be bowled to the team batting second subject to a result not being achieved earlier.

iv) The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.

v) A fixed time will be specified for the close of play by applying a rate of 14.28 overs per hour. With the exception of drinks intervals, the timing and duration of all relative delays, extensions in playing hours and interruptions in play, will be taken into consideration in specifying this time.

vi) If the team fielding second fails to bowl the revised overs by the scheduled or re-scheduled close of play, the hours of play shall be extended until the overs have been bowled or a result achieved.

21.7 Prematurely Terminated Matches - Calculation of the Target Score

21.7.1 21.7.1 Interrupted matches - calculation of the target Score if, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 20 overs), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using the current Duckworth/Lewis method. The target set will always be a whole number and one run less will constitute a tie. (Refer to Duckworth/Lewis regulations).

21.7.2 21.7.2 Prematurely terminated matches if the innings of the side batting second is suspended (with at least 20 overs bowled) and it is not possible for the match to be resumed, the match will be decided by comparison with the D/L 'par Score' determined at the instant of the suspension by the Duckworth/Lewis method (refer Duckworth/Lewis regulations). If the score is equal to the par score, the match is a tie. Otherwise the result is a victory, or defeat, by the margin of runs by which the score exceeds, or falls short of, the par Score.

21.8.2 Law 21.8 Correctness of result - any query on the result of the match as defined in laws 21.2, 21.3, 21.5, 21.8 and 21.10 (as modified by these regulations) shall be resolved as soon as possible and a final decision made by the umpires at close of play. Standard ONE-day international match playing conditions

21.9 21.9 Points

21.9.1 21.9.1

All matches in the Semi Finals, 3rd/4th Place Match and Final

No points system shall be used.

All matches in The Group Stages

No points system shall be used.

In the event of teams finishing on equal points, the Group Stage positions will be determined as follows:

- the team with the highest Net Run Rate. *NRR to be calculated by CricHQ scoring software. If CricHQ software unavailable, then the Tournament Committee shall calculate the NRR using the standard method, as described in Law 21.9.2
- if equal, then the team that took the most wickets shall be the winner.
- if still equal, then the team that scored the most runs off the bat, excluding extras, shall be the winner.

21.9.2 21.9.2 net run rate a team's net run rate is calculated by deducting from the average runs per over scored by that team throughout the competition, the average runs per over scored against that team throughout the competition.

In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed.

Only those matches where results are achieved will count for the purpose of net run rate calculations. Where a match is abandoned, but a result is achieved under Duckworth/Lewis, for net run rate purposes team 1 will be accredited with team 2's par Score on abandonment off the same number of overs faced by team 2.

Where a match is concluded but with Duckworth/Lewis having been applied at an earlier point in the match, team 1 will be accredited with 1 run less than the final target Score for team 2 off the total number of overs allocated to team 2 to reach the target.

21.9.3 21.9.3 Bonus points

Law 21.9.3 shall not apply in this

21.9.4 21.9.4 Final match - if no result is achieved in a final the match shall be declared drawn. In the event of a drawn final, the title and the prize money will be shared equally between the two competing teams.

22. LAW 22 – THE OVER

Law 22 shall apply subject to the following:

22.1 22.1 Law 22.5 - Umpire miscounting the following shall apply in addition to law 22.5:

Whenever possible the third umpire shall liaise with the scorers and if possible inform the on-field umpires if the over has been miscounted.

23. LAW 23 – DEAD BALL

Law 23 shall apply subject to the addition of the following to law 23.4.

23.1 Law 23.4 –Umpire calling and signaling 'Dead Ball'

24. LAW 24 – NO BALL

Law 24 shall apply subject to the following:

The delivery following a no ball shall be a free hit for whichever batsman is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of no ball or a wide ball) then the next delivery will become a free hit for whichever batsman is facing it. For any free hit, the striker can be dismissed only under the circumstances that apply for a no ball, even if the delivery for the free hit is called wide ball. Field changes are not permitted for free hit deliveries unless there is a change of striker (the provisions of clause 41.2 shall apply). The umpires will signal a free hit by (after the normal no Ball signal) extending one arm straight upwards and moving it in a circular motion.

24.1 24.1 Mode of delivery (a) The umpire shall ascertain whether the bowler intends to bowl right handed or left handed, over or round the wicket, and shall so inform the striker. It is unfair if the bowler fails to notify the umpire of a change in his mode of delivery. In this case the umpire shall call and signal No ball. (b) Underarm bowling shall not be permitted except by special agreement before the match.

24.2 24.2 Fair delivery - the arm. For a delivery to be fair in respect of the arm the ball must not be thrown. See 3 below Although it is the primary responsibility of the striker's end umpire to assess the fairness of a delivery in this respect, there is nothing in this Law to debar the bowler's end umpire from calling and signaling No ball if he considers that the ball has been thrown.

(a) If, in the opinion of either umpire, the ball has been thrown, he shall call and signal No ball and, when the ball is dead, inform the other umpire of the reason for the call. The bowler's end umpire shall then,

(i) caution the bowler. This caution shall apply throughout the innings.

(ii) inform the captain of the fielding side of the reason for this action.

(iii) inform the batsmen at the wicket of what has occurred.

(b) If, after such caution, either umpire considers that, in that innings, a further delivery by the same bowler is thrown, the procedure set out in

(a) above shall be repeated, indicating to the bowler that this is a final warning. This warning shall also apply throughout the innings.

(c) If either umpire considers that, in that innings, a further delivery by the same bowler is thrown, he shall call and signal No ball and when the ball is dead inform the other umpire of the reason for the call.

The bowler's end umpire shall then,

(i) direct the captain of the fielding side to suspend the bowler forthwith. The over shall, if applicable, be completed by another bowler, who shall neither have bowled the previous over or part thereof nor be allowed to bowl any part of the next over. The bowler thus suspended shall not bowl again in that innings.

(ii) inform the batsmen at the wicket and, as soon as practicable, the captain of the batting side of the occurrence.

(d) The umpires together shall report the occurrence as soon as possible after the match to the Executive of the fielding side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain and the bowler concerned.

24.3 24.3 Definition of fair delivery - the arm A ball is fairly delivered in respect of the arm if, once the bowler's arm has reached the level of the shoulder in the delivery swing, the elbow joint is not straightened partially or completely from that point until the ball has left the hand. This definition shall not debar a bowler from flexing or rotating the wrist in the delivery swing.

24.4 24.4 Bowler throwing towards striker's end before delivery. If the bowler throws the ball towards the striker's end before entering his delivery stride, either umpire shall call and signal No ball. See Law 42.16 (Batsmen stealing a run). However, the procedure stated in 2 above of caution, informing, final warning, action against the bowler and reporting shall not apply.

24.5 24.5 Fair delivery - the feet. For a delivery to be fair in respect of the feet, in the delivery stride,

(a) the bowler's back foot must land within and not touching the return crease appertaining to his stated mode of delivery.

(b) the bowler's front foot must land with some part of the foot, whether grounded or raised

(i) on the same side of the imaginary line joining the two middle stumps as the return crease described in (a) above and (ii) behind the popping crease.

If the bowler's end umpire is not satisfied that all of these three conditions have been met, he shall call and signal No ball.

- 24.6 24.6 Bowler breaking wicket in delivering ball. Either umpire shall call and signal No ball if, other than in an attempt to run out the non-striker under Law 42.15, the bowler breaks the wicket at any time after the ball comes into play and before he completes the stride after the delivery stride. See Appendix D. Laws 23.4(b)(viii), 23.4(b)(ix) and 10 below will apply.
- 24.7 24.7 Ball bouncing more than twice or rolling along the ground. The umpire shall call and signal No ball if a ball which he considers to have been delivered, without having previously touched bat or person of the striker, either (i) bounces more than twice or (ii) rolls along the ground before it reaches the popping crease.
- 24.8 24.8 Ball coming to rest in front of striker's wicket. If a ball delivered by the bowler comes to rest in front of the line of the striker's wicket, without having previously touched the bat or person of the striker, the umpire shall call and signal No ball and immediately call and signal Dead ball.
- 24.9 24.9 Call of No ball for infringement of other Laws. In addition to the instances above, No ball is to be called and signaled as required by the following Laws.
- Law 40.3 - Position of wicket-keeper
- Law 41.5 - Limitation of on side fielders
- Law 41.6 - Fielders not to encroach on pitch

- Law 42.7 - Dangerous and unfair bowling - action by the umpire
- Law 42.8 - Deliberate bowling of high full pitched balls

- 24.11 24.11 No ball to over-ride Wide. A call of No ball shall over-ride the call of Wide ball at any time. See Laws 25.1(Judging a Wide) and 25.3 (Call and signal of Wide ball).
- 24.12 24.12 Ball not dead. The ball does not become dead on the call of No ball.
- 24.13 24.13 Penalty for a No ball. A penalty of one run shall be awarded instantly on the call of No ball. Unless the call is revoked, the penalty shall stand even if a batsman is dismissed. It shall be in addition to any other runs scored, any boundary allowance and any other runs awarded for penalties.
- 24.14 24.14 Runs resulting from a No ball - how scored. The one run penalty shall be scored as a No ball extra. If other penalty runs have been awarded to either side these shall be scored as stated in Law 42.17 (Penalty runs). Any runs completed by the batsmen or any boundary allowance shall be credited to the striker if the ball has been struck by the bat; otherwise they shall also be scored as No ball extras. Apart from any award of 5 penalty runs, all runs resulting from a No ball, whether as No ball extras or credited to the striker, shall be debited against the bowler.
- 24.15 24.15 No ball not to count. A No ball shall not count as one of the over. See Law 22.3 (Validity of balls).
- 24.16 24.16 Out from a No ball. When No ball has been called, neither batsman shall be out under any of the Laws except 33 (Handled the ball), 34 (Hit the ball twice), 37 (Obstructing the field) or 38 (Run out).

25. LAW 25 – WIDE BALL

- 25.1 Law 25.1 – Judging a wide

Law 25 shall apply with the following addition to law 25.1:

Umpires are instructed to apply very strict and consistent interpretation in regard to this law in order to prevent negative bowling wide of the wicket. Any offside or leg side delivery which in the opinion of the umpire does not give the batsman a reasonable opportunity to score shall be called a wide. A penalty of one run for a wide shall be scored. this penalty shall stand in addition to any other runs which are scored or awarded. all runs, which are run or result from a wide ball, which is not a no ball, shall be scored wide balls.

ETHICAL CODES OF C.B.M.

Maldivians are justifiably proud of the place sport has in their daily lives. However, what is equally important to all of us involved in cricket is the way the game is played and the manner in which our athletes conduct themselves. Unfortunately, some people fail to live up to the traditional values and spirit of cricket. All those involved in the game can be influenced and negatively affected by these adverse experiences. The following Codes of Behaviour identify a selection of key principles on which coaches; teachers, umpires, officials, parents and players should base their cricket involvement. If adopted, the Codes will ensure that everyone develops good sporting behaviours and an inherently positive cricket experience, which will encourage them to remain involved in cricket throughout their lives. Cricket Board of Maldives recommends the adoption of these codes by clubs and schools and distribution of the codes of behaviour to all appropriate groups covered under the codes at the commencement of the cricket season. They should apply in addition to, rather than as a substitute for, any other codes that a school, club or association may have in place.

COACHES CODE OF ETHICS

- Remember that players participate for enjoyment and winning is only part of the fun.
- Never ridicule or yell at a players for making a mistake or not winning.
- Be reasonable in your demands on players' time, energy and enthusiasm.
- Operate within the rules and Spirit of Cricket and teach your players to do the same.
- Ensure that the time players spend with you is a positive experience.
- Avoid overplaying the talented players; all players need and deserve equal time, attention and opportunities.
- Ensure that equipment and facilities meet safety standards and are appropriate to the age and ability of all players.
- Display control and respect to all those involved in cricket. This includes opponents, coaches, umpires, administrators, parents and spectators. Encourage your players to do the same.
- Show concern and caution toward sick and injured players. Follow the advice of a physician when determining whether an injured player is ready to recommence training or competition.
- Obtain appropriate qualifications and keep up to date with the latest cricket coaching practices and principles of growth and development of young people.
- Any physical contact with a person should be appropriate to the situation and necessary for the player's skill development.
- Respect the rights, dignity and worth of every person regardless of their gender, ability, cultural background or religion.
